Deliver the Best
**INTERACTIVE
PATIENT
EXPERIENCE**

Healthcare
Grade

Model Number
PDI-TV7000
Patent Pending

Easily deliver Smart apps to the patient bedside, optimize staff efficiency, and improve your patient experience.

The PDi TV BOX is the latest innovation by Ohio-based PDi Communication Systems, Inc. This SMART set top box supports Ultra High Definition (UHD) video decoding and output resolution, plus incorporates Full HD HDMI® Output Technology and Display Port for dual output. This set top box offers built-in RF coax cable TV signal and IPTV streaming. Patients have full control of the display using a Smart hospital pillow speaker. Includes mounting plate for the back of TV (VESA 100 x 100), HDMI cable, and a power cable.
